CONSENT TO TREATMENT

I request those physicians and other healthcare professionals who care for me to perform a pelvic exam or order routine laboratory/diagnostic procedures and therapeutic treatments, which in the judgment of my physician, allows them to document the course of my injury or illness and to provide appropriate medical care. I also understand that it is the policy of Lakewood Ranch OBGYN to perform routine urine testing if needed and urine pregnancy testing on every patient of child-bearing age unless they have had a complete hysterectomy. I am aware that the practice of medicine and surgery is not an exact science and I acknowledge that no guarantees have been made to me as to the results of the treatments or examinations.
